HOW TO READ PATTERN:

Each solid square is equal to 4 double crochets. Each open square is equal to 1 double crochet, followed by 2 chains, followed by 1 double crochet. The double crochet at the end of each square also counts as the first double crochet of the next square. For example, a solid square followed by an open square is 4 double crochets, 2 chains, 1 double crochet. See diagrams below:

Where "}" is the symbol for one double crochet, "∞" is the symbol for one chain, and "x" is the symbol for one single crochet.

HOW TO CHANGE THREAD COLOR:

To change color, work the first 2 loops of the last double crochet before new color, drop old color, hook new color and draw through last 2 loops on hook. Cut old color and work over ends of both colors. When working small color area, instead of cutting white thread, carry white through to next color change by working over white and end of red thread.
